PRODUCTION, LOGISTICS OR TECHNOLOGY – SAARLAND LEADS TO SUCCESS

“Saarland is part of Eberspächer’s tradition: we have been manufacturing here successfully for more than half a century. ‘Made in Neunkirchen’ is a globally valid standard. The factory is our largest production facility for exhaust systems with over 1,800 employees. This is also our centre for production know-how for other factories at home and abroad. The qualified personnel on site and the very good relationships that have been formed to the region, the city and the authorities play a substantial role in this success.”

Heinrich Baumann, Managing Partner of the
Eberspächer Group
